The **HOME** page.

- This is just the opening page to the system which does not require more instead of logging and creating an account if you are a new user.
- The highlighted part is where you click if you are an existing user but if you are a new user, you must then click the register part to register your details into the system.

The **LOGIN** page

- On this page you insert your details as specified and then click login but only if you are an existing user, if not then click register.
- Click the “Remember me” to save your details for next time so that next time you just click on your previous details.

The screenshot shows a web application with a car-themed background. The header is blue with navigation links: Home, About Us, Contact Us, Log In, and Register. On the left, there is a search bar with the placeholder text "Search here..." and a blue "Search" button. Below the search bar are links for "Car Gallery" and "Our Policy". The main content area is a dark overlay titled "Login". It contains a "User Name:" label with a text input field, a "Password:" label with a text input field, and a checkbox labeled "Remember me next time.". Below these fields are two blue buttons: "Log In" and "Cancel". At the bottom of the overlay, there is a link: "If You are a new user [Register Here](#)".

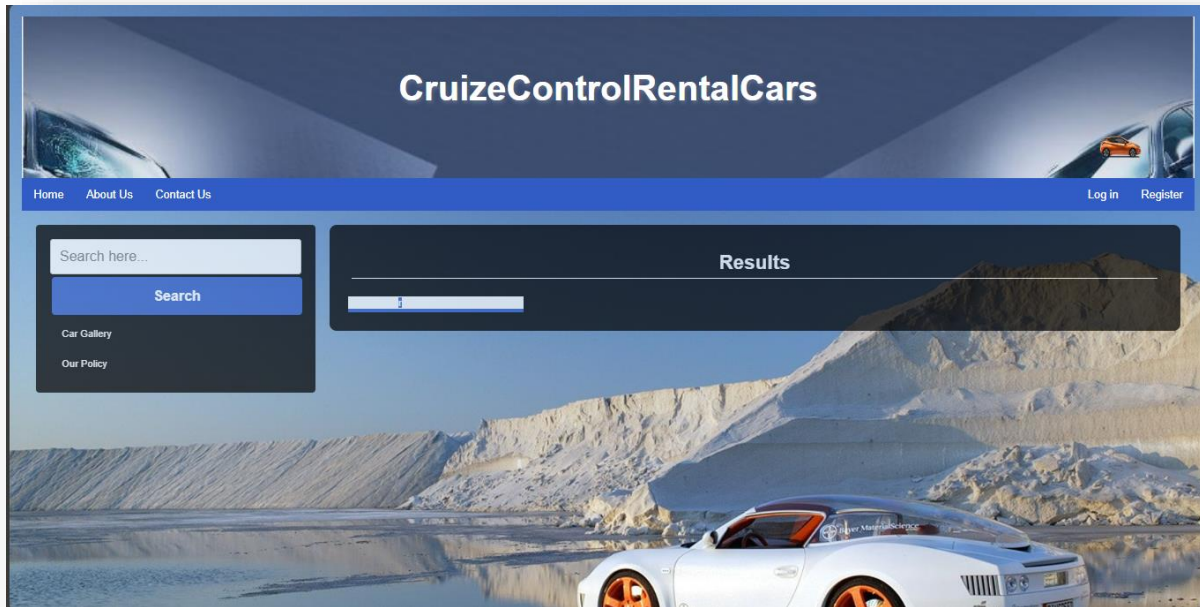

The **REGISTER** page.

- After clicking the Register this is the page that will appear.
- Follow the guidance or headers on the information or details to insert.
- After providing your details, click register so your account will be saved into the system and fully registered.

The screenshot displays the 'Register' page of a website. The page layout includes a sidebar on the left and a main content area. The sidebar features a search bar with the placeholder text 'Search here...' and a blue 'Search' button. Below the search bar are two links: 'Car Gallery' and 'Our Policy'.
